

European Gospel Radio

Reaching All of Europe, portions of the former Soviet Union with 150,000 watts of power!

ANNOUNCING THE NEW AND IMPROVED EUROPEAN GOSPEL RADIO!

We are excited about our newest European service broadcasting from Slovakia utilizing state-of-the-art broadcast equipment and digital technology. With the station's new strategic location your messages will reach a larger audience with a more powerful and clear signal.

Beaming a powerful 150,000 watts throughout all of Europe and portions of the former Soviet Union you have the potential of reaching over 163 million shortwave radio listeners! And, you will also minister to many more souls via the Internet with the station's streaming audio technology.

What an opportunity for you to blanket Europe and its surrounding countries with your messages of hope and inspiration. Just give us a call today at 800-726-2620 or 408-996-2033 to reserve your time on the new and improved European Gospel Radio!

Total radio figures compiled from <http://www.infoplease.com/countries.html>
 Site population figures compiled from <http://www.cia.gov/cia/publications/factbook/>

Statistics indicate that of the total number of radios 30% are shortwave radios -
 * Not Available: radio statistics are not provided for these countries

** This is a conservative estimate because in some areas of the world the percentage of shortwave radios is higher than 30%.
 *** Also note that more than one person can be listening to a shortwave radio - therefore we can deduce that the potential listening audience may be higher than the total number of shortwave radios indicated above
